A-2017-33

2017 Annual Work Plan
Noxious Weed Control on Aquatic Weeds within the Box Canyon Project Boundary
Pend Oreille PUD

Aquatic noxious weed treatment by herbicide application and hand pulling along the Pend Oreille River within the Box Canyon Project Boundary will include backpack spray equipment within the riparian zone of the Project Boundary. Spray and pull timing should coincide with the target species phenology to help ensure efficacy of treatments. Work includes all NPDES compliance support. Payment will be issued upon invoice and a copy of all Pesticide Application Records and a brief report included. The invoice shall not exceed $5,000 total for the aquatic noxious weed control and support.
