Subject: Old Boys Ranch

Dear planning Commission members,
As an adjacent land owner, I would like to state my **STRONG OPPOSITION** to the Wasatch proposal for land use change from NR-20 to R-5, on the Old Boys Ranch. This area is a true gem for wildlife and stock use and should not be reduced to a cluster community for a developers profit. Please retain the NR-20 designation on this awesome agricultural piece of land.

Thank You,
Craig Larson
