Re: Wasatch Rezone Request

Dear Mr. Lithgow,

I am writing this letter on behalf of my husband and I , to **oppose** the rezone of 167 acres of Wasatch land from NR-20 to R-5.

The approval of the rezone would make a negative impact on our serene lifestyle, not to mention devaluing our property. We have saved all our lives to retire in the surroundings of the beautiful Pend 'Oreille area. It would be devastating for us if our dream was compromised with this rezone. We live full-time in Aspen Reflections , and look forward year round viewing the wildlife and serenity of the area.

Also the initial proposed rezone in March of 2014 showed the six criteria that needed met to recommend rezone, were not met, **and nothing has changed.**

Please deny this request for rezone.

Sincerely
Tom & Cindy Filipy
