## NEWS RELEASE

Skeletal remains were found in a wooded area near U.S. Route 2 south of Newport, Washington on 12/3/2014. The remains are believed to be of a middle aged Caucasian male.

It appears that the male may have been transient or lived a transient lifestyle. The male likely would have had significant degenerative disease or arthritis that would have impacted his ability to walk.

The following items were found near the male: a single black boot size 13 with a brand name listed as "BRAHMA," a navy and red striped stocking cap, pants with a size of 48 inch waist and 30 inch inseam, a plaid button up shirt with the size of XXXL with a brand name of "FADED GLORY" and a red fleece style zip up hooded jacket. A gold rimmed pair of eye glasses were also located.

Fingerprints were unobtainable. Dental identification information was obtained and a DNA profile is available for identification purposes.

These photos are computer reconstructions and/or composite sketches. These fabricated images may not always resemble the individual as they actually appeared during life and are prone to error. They have been created to generate leads in this investigation and to enhance the possibility of successfully identifying this individual.

**If you have any information about this unidentified individual please contact the investigating officer, Deputy Mitch Parnell of the Pend Oreille County Sheriff's Office (Case No. 14-08322) at (509) 447-3151 ext. 5334 or Pend Oreille County Coroner Dolly Hunt at (509) 447-4414.**
