To the Business and Professional Community:

This letter is to introduce a representative of L.A.W. Publications who is working with us in our ongoing crime prevention, safety education and substance abuse programs. We are strongly committed to drug awareness and safety education and must continually look for quality resources to increase the success of these services throughout our community.

You can assist us by allowing L.A.W. Publications' representative a few moments to explain this project and how you, as a sponsor, can help provide this valuable information to our community.

I would like to thank you in advance for your time and consideration of this project. We believe that education is the first step in making a difference. With your help, we will continue this battle to protect our children and our community. If you have any questions, please feel free to call.

Thank you for your assistance.

All my very best,

A handwritten signature in blue ink, appearing to read "Alan Botzheim", with a long, sweeping underline.
