Generally Al-Anon Family Group meetings are listed on a schedule as either Closed or Open.

CLOSED (O) means those meetings are open to new attendees and always have space however are limited to members and prospective members who believe their lives have been affected by another persons drinking. Closed meetings give those affected the freedom to share and listen to the experience, strength and hope of others on a **confidential and anonymous basis**.

OPEN (C) means those meetings allow anyone who is a family or friend of a problem drinker nor feel their lives have been affected, but they want to learn more about how Al-Anon works. Those attending Open meetings may include students and professionals who work with families and friends affected by another persons drinking.

District 2 Al-Anon Family Groups list groups in this schedule directory at their request. There is an agreement that the group will abide by Al-Anon Family Group Traditions and keep its doors open to any Al-Anon Family Group Member. Listing in this schedule directory does not constitute approval of any group's manner of practicing the Al-Anon Family Group Program. If the group you attend is not right for you, please try another group. Although meetings are not for advice or counseling there is help and hope available in Al-Anon Family Groups.
